March 2023 | September 2024

VINEYARD BLOCKS

Grenache, Block 7

TA | PH

5 g/L | 3.83

VOLUME

36 cases

TASTING NOTES

Trothe Limited is 100% Andrews Family Vineyards Grenache. It's packed with aromas of violets, black raspberries, foraging herbs, and tobacco, while on the palate you will immediately appreciate its velvety smooth texture. Bursts of wild strawberries mingle with hints of orange zest, smoked cinnamon, and black peppercorn. The wine is wickedly powerful now but will mellow with just a few years of cellar time.

GROWING SEASON

In 2021, the temperature at Andrews Family Vineyards and across Washington State was the highest on record. We kept a large canopy of vine leaves to protect the fruit from the extreme heat and extend the ripening period. When we had an unexpected heatwave in late June, which lasted for ten days and reached temperatures of between 105-118°F (40-48°C), the intact canopies helped to preserve the vibrancy and freshness in the berries. This is yet another example of how the best wine is grown in the vineyard rather than made in the winery, farming practices we proud ourselves on.

TROT HE LIMITED

Trothe Limited represents a balance of fortuitous conditions and meticulous craft. Each year, we seek varieties and blocks especially blessed by Mother Nature during the growing season. With a gentle hand, we shape the interplay between vine, earth, and time into wine that captures the true character of the grape, the vintage, and the limitless potential of our land.
